

## LITHODORA

### 'WHITE STAR'

*Lithodora diffusa 'White Star' PBR/USPP#20078*

A cute, spring-flowering, shrub-like perennial with glossy green leaves and truly unique flowers. Five-petaled flowers have a clean white star painted onto a background of periwinkle blue – a scarce color in the perennial palette. Small, shiny green leaves form low cushiony mounds.

**Uses & Attributes** Front border, rock garden, groundcover, container, long-blooming. Deer-resistant.
